

# NEWSLETTER: November 2019

## An Excursion to BMT African Garden

Our goal at The Zeebah Place Abuja is to ultimately re-integrate every child into society. The children at The Zeebah Place Abuja embarked on an excursion to the Bamanga M. Tukur African Garden Abuja on 22nd November 2019.

This termly outdoor social skills building exercise gave opportunity for the children to view animals in the park, go on a train ride and interact with each other outside the centre.

### Train Ride

### The Zeebah Place Abuja Children With Some of The Animals

# Speech Therapy Clinical Individualized Sessions

Our speech therapy clinical weekly sessions hold at The Zeebah Place Abuja in collaboration with UK based, Speech & Language Pathologist, Ms. Tomi Agboola-Odeleye and assisted by TZP's Mr. Segun Esuola .

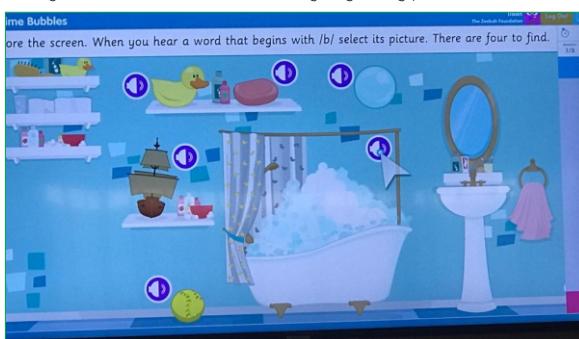

During these sessions, the children's current programs , progress achieved and subsequent goals are reviewed and analysed.

## Online Academic Program for TZP Kids

The Zeebah Place Abuja recently subscribed to a new educational resource 'Education City' is an improved version of our previously employed resource. EducationCity engages with younger students through direct instruction techniques with over 10,000 resources to be used either individually or for whole-class learning.

EducationCity can be used at home as a way of getting parents more involved in their child's academics. This fosters a synchronized learning process .

## Beautification of Our Pilot Center

The Zeebah place recently got aesthetically beautified with the installation of wallpaper. This has added a childlike feel to the environment with beautiful themed designs.

On behalf of the Board of Directors, Management Staff and children of The Zeebah Foundation, we say THANK YOU to Mrs. Aisha Omolayole , CEO Project 401 Ltd. for this kind donation to our centre.
