## 3RD ANNIVERSARY ADDRESS BY CHAIRMAN, MR. NZAN OGBE

This is a true testimony of God's faithfulness in the lives of men. When He gives you an assignment He does empower you.

The Zeebah Foundation's 3rd anniversary means a lot to me personally. In retrospect, I can attest with satisfaction to our accomplishments – the lives of children with Autism Spectrum Disorder we have touched, parents and caregivers we have supported and every little intervention that we have been able to make, in the course of this journey.

All these would not have been possible without the support of the team at Levene Energy Group, who

adopted The Zeebah Foundation as their own CSR vehicle, personal friends and associates of mine, the generosity of individuals and corporate organizations who make up Friends of The Zeebah Foundation. Also, Consultants and Partners, Board of Trustees and staff of The Zeebah Foundation to whom I must give a lot of credit for their support and contributions towards making this journey a lot less difficult and a lot more rewarding.

We have been able to (as an entity) develop our pilot centre in Abuja to a comfortable space for our children given our limited resources and have achieved significant impact thus far. An example of our success is our accomplishment of successfully re-integrating four of our registered children into mainstream schools. Two more move up this September. For us at Zeebah, this is our dream and hope to do much more.

We look forward to distinguishing ourselves as a reputable organization focused on our corporate mission of providing parents and caregivers of children with autism, access to global resources.

**Thank You everyone. Thank You for your support. God bless.**
